Finalyse Sp. z o.o. hereby confirms that Excellence Translations provided French-to-Polish translation services in September 2008 to Finalyse Sp. z o.o.. The services entailed almost 100 pages of advanced guides dealing with complex and rarely used business and risk management vocabulary. The service was provided in a timely, very express manner, and the work product was delivered in line with expectations. We are happy to recommend Excellence services to any interested party.
